Paper collar for stray cats

1. Print out this template
2. Write your contact telephone number in the space provide and cut out one collar
3. Attach tape to the edge of the collar to be ready to put on. Ensure the fitted collar allows two fingers to be placed between the collar and the cat's neck
4. **Only try to use the paper collar on friendly, approachable cats. don't attempt to put a collar on a cat unwilling to approach**
5. If you get no response after 3 attempts, contact your local vet or local council to check if the cat has a microchip

This cat visits me and I'm worried they may be a stray and need a home. Please contact me if they belong to you.
